Palatine Lions Club 2010 Golf Outing *The Tom Dorsch Memorial*

Dear Interested Participant,

The Palatine Lions Club will be hosting our 23rd Annual Golf Outing on Wednesday August 25, 2010 at Palatine Hills Golf Course. We are now identifying businesses and individuals in the community that are willing to support our event by golfing or being a major sponsor. Major sponsorships include the Driving Range, Breakfast and Lunch.

We are also seeking those individuals and businesses that are interested in purchasing a sponsor sign or providing prizes that will be given away the day of the event. Would you be willing to participate? Please see the enclosed registration form to see how you can help.

The proceeds from this event support Lions' causes in assisting sight and hearing-impaired residents in the Palatine area, throughout Illinois and around the world. The Palatine Lions have used the money raised at this event each year to support our largest project, providing eye exams and eyeglasses to 100+ underprivileged students in local school districts 15 & 211. We also provide scholarships to qualifying college-bound students from Palatine, Fremd, Rolling Meadows and Hersey high schools.

The golf outing is a fun event. The participants play a "scramble" and there are generally some pretty good stories and laughs that are shared at the end of the day. Golfers receive a Continental Breakfast, access to the Driving Range prior to the event, greens fees, a golf cart and a great steak lunch for an amazing price. What could be better than having a great day on the golf course and knowing you are contributing to making someone's life better? If you cannot golf could you donate in some other fashion? All profits from this event go to help others.

We ask that you return the enclosure as soon as possible if you are golfing so we may reserve your spot. Questions may be answered by contacting either of us at the telephone numbers below. **Your participation, at any level, will be very much appreciated.** We hope that you can participate in this worthwhile event and hope to see you on August 25th.

Sincerely,

Ev Charlier & Paul Pioch
